### GOLF OPERATIONS SURVEY

We collected 137 responses to the recent Golf Operations survey. Thank you for taking the time to provide us invaluable feedback. After reviewing the results with the Golf Committee, based on feedback received we will be making the following changes to the Golf Calendar for 2025:

- All one day Member-Guests will move back to Thursdays. Men's events will be Thursday afternoons after the Women's 18-hole League.
- The Women's 9-Hole League will run throughout the day on Thursdays
- The Women's 18-Hole League will move back to the mornings (8:30am shotgun)
- Based on the survey results, the following events will remain as they were in 2024
  - Spring Member-Member, Round Robin, Fall Member-Member and Fall Classic
- The Club Championship semifinals and finals will continue to conclude the weekend before Labor Day Weekend
- The last survey question was open-ended, with 54 people providing longer, more detailed answers. A few trends emerged:
  - Several comments on the length of the golf course's rough
  - Many mentioned the width of the fairways
  - Many want longer range hours, better timing on tournament fliers.

All comments regarding course conditions have been shared with Greens Chair Bill Meyer for his review.

Thank you again for your participation.
